Who Started World War 2... and When? Mr. Untermeyer Answers The Question

OH, WHAT A TANGLED WEB WE WEAVE
WHEN FIRST WE BEGIN TO DECEIVE!

Twenty-seven years ago a worldwide "sacred war" was declared on Germany, not by Great Britain, not by France, not by any nation; but by the Jews of the World.

Startling as that statement is, it is substantiated by a public address made over Station WABC, outlet of the Columbia Broadcasting System, by Mr. Samuel Untermeyer, an American Jew.

Was Mr. Untermeyer speaking as an individual, as an American citizen, as a crackpot? Absolutely, no. He was speaking as a member of "our race."

He was speaking as the executive official of the World Jewish Economic Federation.

What was the occasion of his speech?

Having returned from Amsterdam, Holland, where he presided over the International Jewish Boycott Conference—at which conference he was elected president of the World Jewish Economic Federation formed to combat the oppression of Jews — Mr. Samuel Untermeyer spoke most officially, most representatively, most authoritatively. In announcing the factuality of the "sacred war," he definitely referred to "race," not religion. He went so far as to say that those Jews who did not join with him were "traitors to their race."

Twenty-seven years ago, approximately, this high Jewish official—whom there was no higher at the moment—did not say that we "will go" to war against Germany. He said that the "sacred war" against Germany was then under way—"actively embarked upon."

Thus, at Amsterdam, Holland, at the meeting above referred to at which Mr. Samuel Untermeyer was elected president of the World Jewish Economic Federation, a "sacred war" was declared against Germany to destroy Germany's very existence.

Jews all over the world were ordered not to buy from Germany, not to patronize German merchants, not to deal with firms which sold German goods, not to ship on German boats.

Mr. Untermeyer, speaking officially for all the Jews in the world on "what we are proposing and what we have already gone far towards doing," said that his organization would "undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends."

All this to rescue 540,000 Jews resident in the Third German Reich.

Thus, a "sacred war" of revenge was undertaken and was under way by Aug. 6, 1933.

Did Mr. Samuel Untermeyer foresee that some Jewish leaders would not go along with him? He did not; for he said that all Jewish leaders of Jewish organizations would be compelled to go along with him, following a meeting to be held at Prague, Czechoslovakia that same year—1933.

WE REPEAT: for 540,000 Jews in Ger-

Few people realize the main force motivating the master minds behind communism is the hatred of Christ and his followers. When marxism takes control, Christians and their institutions are first victims.

many the world was catapulted into a "sacred war" of economic boycott. The object of the war was to destroy Germany's export trade upon which her "very existence" depended. Only an irrational man would deny that such an economic war would inevitably lead to a bloody physical war.

And what about the persecution of the 540,000 Jews in Germany? It is true that Hitler placarded their shops; ostracized many Jews from professional ranks; instituted, in some instances, concentration camps for what Hitler thought to be the more dangerous ones. But why did Hitler practice such extremities? All civilization knows that, following the first World War, wealthy Jews from America, Britain, France, Holland, Galicia and elsewhere moved into Germany with their valuable money and purchased property which was represented by worthless inflated German marks.

Indeed, the Jews became the aristocrats of Germany — financial aristocrats, if you please, having confiscated through their monetary manipulation a great share of the wealth that belonged not only to the 2 million members of the Nazi Party but to the 50 million Catholics, Protestants and other Gentiles who did not belong to the Nazi Party. And as far back as 1933, a world war—a "sacred war" was declared not only against Hitler and his 2 million Nazis, but against the 50 million-Catholics, Protestants and other Gentiles who were not Nazis.

Flauntingly before the American public—nearly six years before military war was declared, chief executive officer Samuel

Untermeyer of the World Jewish Economic Federation had the effrontery to ask the Christians of the World to join with his nationals throughout the world to destroy not only Hitlerism and the 2 million Nazis, but also the more than 40 million Christians in Germany whose very existence — according to Mr. Untermeyer — depended upon their economic activities with the outside world.

Apart from the poor logic of the Untermeyer proposal, the Christians throughout the world—not defending Hitler—suffer an intellectual insult by the invitation to join with the racial Jews against their own fellow Christians who were more sinned against than sinning.

Perhaps the Untermeyer speech throws some light upon the refusal of the Jews to accept Father Coughlin's invitation issued November 20, 1938, for the Jews to join with the Christians to battle against the commissars of the Soviet Union whose hands were reeking with the blood of millions of Christians—Christians not persecuted economically, but done to death most outrageously. And at the time Mr. Untermeyer was speaking — 1933 — not one Jew in Germany had suffered at the hands of the Hitlerites although they had unjustly acquired German property with their foreign gold.

Unctuously Mr. Untermeyer advertised the purpose of his "sacred" Jewish worldwide war to wipe out bigotry, race hatred and fanaticism. Nothing could persuade that gentleman and the worldwide organization he represented to strike at Moscow.

Twenty seven years have elapsed since the beginning of this world war upon which we "actively embarked." Millions of lives have been affected by it. Millions of homes have been reduced to rubble. Millions of children have been blasted out of existence. Yet Mr. Untermeyer said that the "hell of war and the alleged Belgian atrocities will pale into insignificance as compared to this devilishly deliberately, cold-bloodedly planned and already partially executed campaign for the extermination of a proud, gentle, loyal, lawabiding people."—This for 540,000 German Jews whom he subsequently referred to as the "aristocrats of the world."

Americans were under the impression that this was a war to save democracy; a war to guarantee the lastingness of the four liberties. Mr. Untermeyer has been truthful and told us the real objective of the war.

The entire war planned by 1933, according to Mr. Samuel Untermeyer — not planned with its litany of defeats for France, Great Britain and the United States. But planned, nevertheless, to rescue 540,000 Jews in Germany, planned to destroy German trade upon which Germans depend "for their very existence."

Mr. Untermeyer specifically said in the interview given to the reporters when he arrived in America from Amsterdam, that

capitalism in America would be forcibly lined up, as it were, through means of "a peaceful revolution." Even before Mr. Roosevelt had an opportunity to discuss his plans for the reconstruction of America. Mr. Untermeyer disclosed to the world the nature of the plans.

And further, the "sacred war" would be implemented through the League of Nations, according to the high spokesman of Jewry. We now understand the reason for the rancor which existed in the hearts of Jewry when the entrance of the United States into the League of Nations was opposed.

In 1933 America was a country with its sleeves rolled up, its head held high, and its heart athrob, determined to dig our way out of depression and scale the rugged height of national prosperity. Then we were a united country. But diabolically the poison of disunion was dumped into our national vein through propaganda, press, radio, pulpit — and boycotts.

Those who prayed night and day for the energy and will to walk hand-in-hand with Mr. Roosevelt found it impossible to do so when they envisaged the blood bath which a handful of revengeful men was preparing for us—despite the fact that "revenge is Mine, saith the Lord." And these same men have the audacity this day to talk of disunity, of bigotry, of pro-Nazism, of fanaticism.

This most historic speech of Mr. Untermeyer renders foolish the insincere words of those who dare prate of disunity. Let them indict as pro-Nazis, if they will, those who are not fearful to tell the truth; for truth was always the characteristic of a real American.

"WHO STARTED THE WORLD WAR?"

We leave the answer to that question to Mr. Samuel Untermeyer, refusing to alter one word of his most historic speech—a speech which speaks for itself.

The Jews of America, through their various publications persistently have calumniated prominent patriotic American citizens and termed them un-American.

Here, then, is our answer to them—in part. We will let the world know who is un-American and undemocratic. If pro-Americanism consists in boycotting a suffering 40 million German people; if pro-Americanism consists in casting the entire civilized world into a seething cauldron of bloody war for the protection of 540,000 racists or religionists — as you care to call them; if pro-Americanism is identified with secret economic conferences at Amsterdam and dictatorial decrees emanating from Prague which nullifies the peaceful progress of our country — then Americanism, under that interpretation, is not worth fighting for.

Of course, Mr. Untermeyer does not refer to the Jews in Germany as religionists. To him they are racists. But the propagandizing Jews in America avoid the word "racist" and employ the word "religionist" not only to suit their convenience, but to bandage the eyes of the blind "goyim" of America — the "goyim" who are not the "aristocrats" but are employed to fight a world war for the Jews, who are the "aristocrats."

Text of Untermeyer "Sacred" War Speech

Following is the text of Samuel Untermeyer's address over Station WABC after his return from Europe. (From New York Times, Aug. 7, 1933).

"My Friends:

What a joy and relief and sense of security to be once more on American soil!

The nightmares of horrors through which I have passed in those two weeks in Europe, listening to the heartbreaking tales of refugee victims, beggar description.

I deeply appreciate your enthusiastic greeting on my arrival today, which I quite understand is addressed not to me personally but to the holy war in the cause of humanity in which we are embarked, Jews and non-Jews alike, for we are equally concerned that the work of centuries shall not be undone, and that civilization shall not be allowed to die.

It is a war that must be waged unremittingly until the black clouds of bigotry, race hatred and fanaticism that have descended upon what was once one Germany, but is now medieval Hitlerland, have been dispersed. If we will but enlist to a man and persist in our purpose, the bright sun of civilization will again shine upon Germany, and the world will be a safer place in which to dwell.

As our ship sailed up the bay today past our proud Statue of Liberty, I breathed a prayer of gratitude and thanksgiving that this fair land of freedom has escaped the curse that has descended upon benighted Germany, which has thereby been converted from a nation of culture into a veritable hell of cruel and savage beasts.

The World's Concern

We owe it not only to our persecuted brethren but to the entire world to now strike in self-defense a blow that will free humanity from a repetition of this incredible outrage. This time the Jews are the victims, next time it may be the Catholics or the Protestants. If we once admit, as is brazenly insisted by the German Government, that such fiendish persecution of the people of one race or creed is an internal domestic affair and not a world concern, how are we to know whose turn will be next?

Now or never must all the nations of the earth make common cause against the monstrous claim that the slaughter, starvation and annihilation, by a country that has reverted to barbarism, of its own innocent and defenseless citizens without rhyme, reason or excuse is an internal affair against which the rest of the world must stand idly by and not lift a hand in defense.

Back to Dark Ages

But why dwell longer upon this revolting picture of the ravages wrought by these ingrates and beasts of prey, animated by the loathsome motives of race hatred, bigotry and envy. For the Jews are the aristocrats of the world. From time immemorial they have been persecuted and have seen their persecutors come and go. They alone have survived. And so will history repeat itself, but that furnishes no reason why we should permit this reversion of a once great nation to the Dark Ages or fail to rescue those 600,000 human souls from the torture of hell, as we can with the aid of our Christian friends, if we have the will to act.

Protests and pleas from all corners of the earth, from the leaders of all creeds, having proven as vain and unavailing, as was the idealistic dream of our martyred President of making the world safe for democracy and of protecting minorities, what then are to be the lines of our defensive campaign against these atrocities, on which we are already actively embarked? Are we right in our plan? If so, what steps shall now be prosecuted to attain success?

Our campaign is two-fold — defensive and constructive. On the defensive side will be the economic boycott against all German goods, shipping, and service. On the constructive side will be an appeal to the League of Nations to construe and enforce the labor union provision of the Versailles Treaty and the written promise made by Germany, while the treaty was under negotiation, to protect its minorities, which have been flagrantly violated by its disfranchisement and persecution of the German Jews.

What Boycott Means

As to the boycott, strange to say a mere handful in number, but powerful in influence, of our thoughtless but doubtless well intentioned Jews seem obsessed and frightened at the bare mention of the word "boycott." It signifies and conjures up to them images of force and illegality, such as have on occasions in the past characterized struggles between labor unions and their employers. As these timid souls are capitalists and employers, the word and all that it implies are hateful to their ears

What we are proposing and have already gone far towards doing, is to prosecute a purely defensive economic boycott that will undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends.

'Force Them to Learn'

They have flaunted and persisted in flaunting and defying world opinion. We propose to and are organizing world opinion to express itself in the only way Germany can be made to understand. Hitler and his mob will not permit their people to know how they are regarded by the outside world. We shall force them to learn in the only way open to us.

Revolting as it is, it would be an interesting study in psychology to analyze the motives, other than fear and cowardice, that have prompted Jewish bankers to lend money to Germany as they are now doing. It is in part their money that is being used by the Hitler regime in its reckless, wicked campaign of propaganda to make the world anti-Semitic with that money they have invaded Great Britain, and the United States, and other countries where they have established newspapers, subsidized agents and otherwise are spending untold millions in spreading their infamous greed.

The suggestion that they use that money towards paying the honest debts they have repudiated is answered only by contemptuous sneers and silence. Meantime the infamous campaign goes on unabated with ever increasing intensity to the everlasting disgrace of the Jewish bankers who are helping to finance it and of the weaklings who are doing nothing effective to check it.

The Hitler regime originated and is fiendishly prosecuting their boycott to exterminate the Jews by placarding Jewish shops, warning Germans against dealing with them, by imprisoning Jewish shopkeepers and parading them through the streets by the hundreds under guard of Nazi troops for the sole crime of being Jews, by ejecting them from the learned professions in which many of them had attained eminence, by excluding their children from the schools, their men from the labor unions, closing against them every avenue of livelihood, locking them in vile concentration camps, starving and torturing them, murdering and beating them without cause and resorting to every other conceivable form of torture inhuman beyond conception, until suicide has become their only means of escape, and all solely because they are or their remote ancestors were Jews, and all with the object of exterminating them."

Editors Note: Not one Jew had been starved, tortured or murdered because they were Jews. Communist Jews from the Soviet Union were swarming in thru Czechoslovakia and were caught sabotaging Germany.

APPEAL TO MANKIND

"As against this, the foulest boycott in the annals of time, we are appealing to all mankind to enforce a counter-boycott. That appeal is meeting with the conviction that idealism and justice are still alive

President Roosevelt, whose wise statesmanship and vision are the wonder of the civilized world, is invoking it in furtherance of his noble conception for the readjustment of the relations between capital and labor under the terms of the sweeping Industrial Recovery Act, to the end that

labor shall receive a more just share of the wealth it creates. He is about to enlist the consumers of the country in a national campaign in which they pledge themselves to boycott all manufacturers, jobbers and retailers who fail to subscribe to the codes and to buy only from those who have assented and who are thereby privileged to fly the blue eagle of NRA. What more exalted precedent do our timid friends want?

With this explanation, of our aims, I appeal to the American Jewish Committee, whose public spirit and good intentions I do not for a moment question, but the wisdom of whose judgment I challenge, no longer to hold aloof but to rid themselves of their timid and ill-considered prejudices and join in actively pressing this boycott as our only weapon except the appeal to the League, which I shall discuss at a later time.

I purposely refrain from including the American Jewish Congress in this appeal because I am satisfied that 95 per cent of their members are already with us and that they are being misrepresented by two or three men now abroad. Of them I ask that, prior to the meeting to be held this month in Prague by their executive committee, they instruct these false leaders in no uncertain terms as to the stand they must take on this all-important subject and demand that they shall either openly represent their views or resign their office.

PROGRESS SO FAR MADE

There is not time now, but I hope and expect in the near future to be able to report to you the steps that have been taken and that are already under way, and the surprising and gratifying progress already made in many countries toward the success of the economic boycott in which we are engaged. Although considerable progress in that direction has already been made in Great Britain and the United States, you will be surprised to learn that they are the least advanced and as yet the most inadequately organized of all the countries that were represented at the Amsterdam World Economic Conference where the boycott was unanimously and enthusiastically approved by formal resolution by a rising vote.

With us in America the delay has been due in part to lack of funds and the vast territory to be covered, but it is hoped and expected that this condition will soon be corrected. The object-lesson we are determined to teach is so priceless to all humanity that we dare not fail.

Each of you Jew and Gentile alike, who has not already enlisted in this sacred war should do so now and here. It is not sufficient that you buy no goods made in Germany. You must refuse to deal with any merchant or shopkeeper who sells any German-made goods or who patronizes German ships or shipping. To our shame be it said that there are a few Jews among us, but fortunately only a few, so wanting in dignity and self-respect that they are willing to travel on German ships where they are despised and meet with the just contempt of the servants who wait upon them and of their fellow passengers. Their names should be heralded far and wide. They are traitors to their race.

In conclusion, permit me again to thank you for this heartening reception and to assure you that, with your support and that of our millions of non-Jewish friends we will drive the last nail in the coffin of bigotry and fanaticism that has dared raise its ugly head to slander, belie and disgrace twentieth century civilization."

Are you doing your best?

By this time most intelligent people realize our country faces a frightening situation. We are working long hours and doing our best. Examine your conscience—are you doing all you can to help? We especially need funds at this time to complete important projects.

"The Cat is out of the Bag" NEW YORK TIMES REVEALS TRUTH ABOUT THE SIX MILLION JEW FRAUD

LEADING SPOKESMAN FOR WORLD JEWRY
RELEASES IMPORTANT INFORMATION

The New York Times publishes the proof that there are more persons professing Judaism in the world today than there were in 1938. The Zionists have claimed that the Nazis slaughtered 6 million persons professing Judaism between 1939 and 1945. The figures which the New York Times publishes on this subject are reliable.

The statistics given by the N. Y. Times prove positively that Zionists resorted to this gigantic untruth to gain the world's sympathy and support for their political ambitions and nationalist aspirations in Palestine. It was a well known fact to the Zionists when they were using this vicious propaganda that there was no foundation for their false claims that Nazis had slaughtered 6 million human beings because Judaism happened to be their religious belief.

The American Jewish Committee wants to be recognized as the Vatican of Judaism. They claim to be the authorized spokesmen for world Jewry. Statistics which they have issued in the past have always been regarded as very reliable. Organized in 1908, the American Jewish Committee has acted throughout the world as the guardian of the interests and the welfare of persons professing Judaism. Its active leaders have included Jacob H. Schiff, Paul Warburg, Herbert Lehman, Henry Morgenthau, Sr., and Americans professing Judaism of similar origin.

The authoritative World Almanac for the year 1947, on page 219, states that the world's population of persons professing Judaism, in the year 1939 was 15,688,259. The World Almanac states that this figure was supplied to them by the American Jewish Committee and by the Jewish Statistical Bureau of the Synagogues of America, H. S. Linfield, Director. It is not possible to find the equal of these two sources for unchallengeable statistics on this topic.

In the year 1948 the New York Times stated that the world's population in 1948 of persons professing Judaism amounted to "15 million to 18 million Jews" in addition to the "6 to 7 hundred-thousand in Palestine." The N. Y. Times at that time spared no effort to establish the exact world's population of persons professing Judaism. They are very expert in this field.

These figures can be accepted without hesitancy by even the most skeptical Zionist. The New York Times is owned and operated by two outstanding Americans professing Judaism. They would not permit their paper to publish untrue statistics on that subject for any consideration.

The New York Times in 1948 assigned one of the world's leading authorities on matters relating to populations to prepare an up-to-the-minute article on the situation in Palestine. The statements of this noted authority, the well-known Mr. Hanson W. Baldwin, are accepted everywhere and by everyone without hesitancy on matters connected with statistical facts.

After his investigation and consultations with official sources, Mr. Hanson W. Baldwin, in the New York Times on February 22, 1948 over his own signature, supplied the figures stated above.

The American Jewish Committee and the Statistical Bureau of the Synagogues of America officially confirm the world population of persons professing Judaism in 1938 as 15,688,259 and the New York Times officially states that in the year 1948 that population totaled between 15,600,00 and 18,700,000. Based upon these figures from

sources which cannot be challenged the disappearance of 6 million during that period can only be regarded as political propaganda.

It must be very evident that the world's population of persons professing Judaism would today be less than 10 million if the 6 million allegedly murdered by the Nazis were deducted from the 1938 world's population of 15,688,259. The authenticated 1948 world's population of 15,600,000 to 18,700,000 persons professing Judaism completely discredits this propaganda.

The Zionists have used this vicious untruth as propaganda to entice the sympathy and support of the non-Zionist populations of the world for their well-camouflaged and completely misrepresented intentions in Palestine. The Zionists did not underestimate the tremendous force this big untruth would exert upon the sympathetic and the unsuspecting non-Zionist populations everywhere. It won support which won for them.

The Zionists pointed their accusing finger at populations professing Christianity and pleaded for their support the world over for the "remnants of Hitler's wrath," never overlooking to play up the alleged 6 million who were murdered. The Zionists claimed the right to ask for this assistance in creating a sovereign Zionist state in Palestine as a matter of atonement for the alleged slaughter of 6 million of their co-religionists.

FROM THE BOOK—

"THE WORLD CONQUERORS"

—THE REAL WAR CRIMINALS By Louis Marschalko, 1958 . . . pages 148 & 149.

"When General Telford Taylor, the Chief Public Prosecutor at Nuremberg, was asked where he had got this figure of six million, he simply replied the figure was based on the confession of S.S. General Ohlendorf. During the Nuremberg enquiries, Ohlendorf allegedly said this was the number of Jews killed. Later it became known that American Jews had extorted this "confession" from Ohlendorf under torture. Oswald and Berger, both S.S. group leaders, were similarly tortured. Forged affidavits were also used to support this unprecedentedly high figure of Jewish "martyrs." This figure was given by Dr. Wilhelm Hoettl, a rather strange person in the service of the American C.I.C., the author of several books written under the pen name of Walter Hagen. He appeared in Nuremberg as a witness for the American prosecution. We learn from DER WEG (3rd number, 1954, p. 203) that his evidence was the only "proof" regarding the supposition of the murder of six million Jews. He was also engaged by the Soviet for espionage working with two Jewish emigrants from Vienna, Perger and Verber, as U.S. officers during the preliminary inquiries of the Nuremberg trials."

NOTE: This mysterious Wilhelm Hoettl and Walter Huppenkothen were the only ex-Nazis allowed to come to Israel and testify and these for the prosecution! The only source we have been able to locate for the figure of "six million" are these two mysterious persons and Gen. Telford Taylor who has a long red record. Sen. McCarthy reported receiving a list of 125 reds who were employed on Taylor's staff. Lately Taylor has represented Harry Bridges and other communists in court.

Now the Jewish organizations are pushing Telford Taylor to head the Central Intelligence Agency.

"I WAS IN DACHAU"

(From "WHAT OUR READERS THINK,"
in OUR SUNDAY VISITOR, 6-14-59)

I was in Dachau for 17 months after the war, as a U.S. War Department Attorney, and can state that there was no gas chamber at Dachau. What was shown to visitors and sightseers there and erroneously described as a gas chamber, was a crematory. Nor was there a gas chamber in any of the other concentration camps in Germany. We were told that there was a gas chamber at Auschwitz, but since that was in the Russian zone of occupation, we were not permitted to investigate, since the Russians would not permit it.

The old propaganda myth that millions of Jews were killed by the national socialists was also referred to. From what I was able to determine during six postwar years in Germany and Austria, there were a number of Jews killed, but the figure of a million was certainly never reached. I interviewed thousands of Jews, former inmates of concentration camps in Germany and Austria, and consider myself as well qualified as any man on this subject.

WE CAN'T BELIEVE IT

Republished from—

Tampa Morning Tribune, Jan. 26, 1946.

An amazing revelation comes with the disclosure of a poll of 1700 American soldiers in Germany, taken last Fall, but just released.

It is hard to believe the figures of the vote; harder to understand just what influenced these men at the front in forming the opinion they expressed.

The report of the poll shows that 19 percent of these soldiers believed Germans had some justification for starting the war; 51 percent said they believed Hitler did Germany a lot of good before 1939; 22 percent said they believed Hitler had good reasons for persecuting Jews; 28 percent said they agreed with some of the German explanations why Germany went to war; 29 percent said they had grown more favorable toward the Germans since they had been in that country.

NEW YORK HERALD TRIBUNE, 5-7-61

The British historian, Arnold J. Toynbee, said (at the 17th annual conference of the American Council for Judaism):

"Dr. Toynbee described Zionism and anti-Semitism as 'expressions of an identical point of view' — that it is 'impossible for Jews and non-Jews to grow together into a single community, and that therefore, a physical separation is the only practical way out.'"

"The Jewel Box of the World"

The following is an interesting quote from "the Message to Israel" Nov. Dec. 1957.

"The land of Israel is the center of the land surface of the earth. It is located on the eastern border of the Mediterranean. 'Mediterranean' means middle of the earth. Israel is so located that travellers going from one continent to another must pass through her territory. The land has therefore been referred to as 'the bridge between the nations.' Israel has a decided advantage over other nations and think of what an advantage this will be when Jerusalem is the capital of the world! The land of Israel is also the center of all population. It is also the political center of the world for the laws and forms of government coming out of this land have furnished the pattern for most all other nations. For years we have heard and read about the treasures to be found in the mineral wealth of the Dead Sea. The Dead Sea will be a perpetual source of wealth to the nation that controls it and contains sufficient wealth for the land to be called 'The Jewel Box of the World'."

Jews left Germany before War

(From their own publication—1948)

"The majority of German Jews succeeded in leaving Germany before the war broke out and a substantial number settled in Latin America countries. These sections of our people organized themselves with skill and discipline and built up new economic positions . . ."

MUSMANNO'S TESTIMONY

Republished from—

Pittsburg Post Gazette
Pittsburg Post-Gazette, May 17, 1961

Judge Michael A. Musmanno, that romantic poet of the Pennsylvania Supreme Court who has been away from his duties recently waiting to be a witness at the Eichmann trial in Israel, has now testified.

After reading the judge's testimony about his interview with Goering, about his talk with Ribbentrop, we were sufficiently intrigued with this new evidence to turn to the Judge's book, "Ten Days to Die," written in 1950. In that volume he reviewed the last days of Adolf Hitler, discussed the history of the Nazi regime with all its horrors, and described his talks with various members of the Hitler regime at Nuremberg during the trials in 1946.

This review of the Judge's past writings leaves us a bit perplexed. In his testimony Monday, he said that Goering told him that Eichmann was the key man in the Jewish persecution. Yet in the book he wrote only a few years after the Nuremberg trials, he never mentioned Adolf Eichmann. A number of pages are devoted to the persecution of people of the Jewish faith, but the book's chief devil is Heinrich Himmler. No Eichmann. It seems to us that the Judge would have had a tremendous scoop if he had related then the baleful influence of Adolf Eichmann, a man who had escaped and was still at large.

There are other perplexing matters. The book refers to many interviews with Nazi officials and German military leaders, but there is no reference to an interview with Goering, just an exchange of remarks in a recess during Goering's trial. There is also no reference to an interview with Ribbentrop.

Presumably Judge Musmanno under oath is able to remember things that did not seem to him important at the time he was writing a book on Hitler and the Nazi regime. Which brings us to another curious matter. Dedicated as he is to American jurisprudence, the Judge must know that not a single matter he stated in the court in Israel would be admissible as evidence in a court in this country. It would all be classified as hearsay and thrown out. After all, there are no corroborative documents. Nor is there any rebuttal from the grave.

Why do Jews need a Gestapo?

(Anti-Defamation League of B'nai B'rith)

Other races do not. Haven't they for centuries brought condemnation on themselves all over the world? Can't or won't they change, instead of fighting the Truths? Don't their Anti-Christian activities create Hitlers? In Germany they were about 2% of the population, but controlled about 90% of the economy. In the United States aren't they about 5% also and don't they control or influence almost all of the economy — Radio, TV, finances, entertainment, liquor, garments, magazines, newspapers, furniture, department stores, gambling, etc.? When American citizens awaken, what then?
